present

FAMILY FUN FESTIVAL

Come Celebrate 45 Years & 45 Miles of the W&OD Trail

Overview:

As the Board of FOWOD (Friends of the W & OD), we believe that the W & OD Trail allows individuals to experience nature in a fun, yet safe and engaging way. This 45 miles of paved trail runs between Shirlington and Purcellville, while alongside also includes a 32 mile gravel equestrian trail.

The W&OD Trail connects many neighborhoods and communities and provides easy parking from Shirlington, to Arlington, Vienna, Reston, Herndon, Sterling, Ashburn, Leesburg and Purcellville. The Trail also provides a recreational space a transportation route and an avenue to enjoy nature by simply stepping outside your backyard.

It is with this in mind that FOWOD recognizes the importance of educating individuals and the next generation, to protect the historical value and improve the Trail, for current and future users.

Presented by Nova Parks and FOWOD, "Family Fun Day," is a celebration of that sentiment. We will use this event, not only to bring families out and together, but to encourage them into learning, understanding and supporting this resource within their communities.
