

Virginia Marathon

Press Release, February 2021

The first ever Virginia Marathon is coming to Virginia's Horse and Hunt Capital this November! Old Dominion Racing (ODR), a race company headquartered in NOVA, has remained dedicated to providing great foot and bike race experiences for Virginia Athletes since 2016 - even through a pandemic. ODR is providing this Virginia Marathon with options for Live in-person racing or Virtual racing. And all in-person racers have access to built-in virtual training as well. The Live race is on Saturday, November 6, 2021 in Middleburg, VA, just 30 minutes from Dulles Airport.

Working your way up to a full marathon, but not quite there yet? No other race offers an "in-between" distance option, midway between a full marathon and a half. We call this partial option the Merikós (meaning "part" in Greek), coming in at 19.65 miles - just short of the 20 Mile Wall, so you don't have to pace yourself. Or racers can choose to run the full, the half, the 10k, or the 5k.

Travel along paved roads (some gravel) and enjoy scenic views, with plenty of trees and shade in gorgeous Fauquier County. Everyone starts and ends at The Hill School; athletes seeking a greater challenge can opt for the full or Merikós to sprint up Bull Run Mountain and back again, the only race in Virginia to offer this option! All participants enjoy vouchers to participating shops in Middleburg, including restaurants, breweries, and boutiques. Boost your carbs with free cinnamon rolls courtesy of Great Harvest Bread Company. And of course, prizes, raffles, shirts, medals, and more coming your way!
